

2017 Standard Pool Closing – Book Now!!

NO CLOSING WILL BE BOOKED UNTIL PAYMENT IS MADE IN FULL!

We will notify you if there are any changes to the date of your closing. Pool closings are Monday to Friday (excluding holidays). NO SATURDAY OR SUNDAY CLOSINGS.

Pool Closing Prices:

Pool Closing: Lower pool water level, add pool winterizing chemical package (MSRP \$35-chlorine and algaecide), winterize equipment (pump, filter, chemical feeder, heater), remove pool fittings and pool deck equipment**, blow out water lines, install winter cover. **\$ 325***

Salt Pool: Clean salt cell. Add antifreeze to pump (to prevent seizing in spring time). If you choose not to, we accept no liability for seized pumps. **\$ 40***

Spill-over Spa(spa attached to pool): Spa is emptied, water lines are blown out; equipment is winterized and winter cover is installed. **\$ 115***

Hot Tub Closing: Spa is emptied and water lines are blown out. **\$ 150***

Vacuum Call: Pool is vacuumed (max 1 hr) at time of closing **\$ 95***

Extras:

Install winter cover <u>ONLY</u>	\$ 150*	Water bag 10 ft double	\$ 12.99*
Winterize equipment <u>ONLY</u>	\$ 200*	Liner lock	\$ 0.99/ft*
Antifreeze <u>ONLY</u>	\$ 11.99*	BioGuard Hibernate Upgrade	\$ 39.99*
Clean salt cell <u>ONLY</u>	\$ 29.99*		

***HST Extra.** Charges are within our primary zone. Maximum time 2 hours x 2 person crew

Pool Check List: WHATEVER CONDITION YOUR POOL IS IN WHEN WE ARRIVE IS HOW IT WILL BE PUT TO BED FOR THE WINTER. Your pool should be vacuumed prior to your closing. A pool put to bed clean in the fall, is a clean pool upon opening in the spring! If you would like us to do it for you our **Vacuum Call** price is above

REMEMBER, water left over the winter months that is not balanced can cause damage to the pool liner, concrete or fibreglass surfaces. Please bring a sample of your pool water in ONE WEEK before your scheduled closing date. Indicate that you need a pool closing test. This will allow adequate time to make any necessary chemical changes to your water.

Your salt cell needs to be cleaned annually which we can do for you. See either **Salt Pool** or **Clean salt cell ONLY** above. The manufacturers of salt cells recommend they are stored indoors. If your salt cell can be removed we will leave it on your patio for you to bring inside for the winter.

NOTE: **Per guidelines from the Pool & Hot Tub Council of Canada and Industry Standards for Improved Safety, we legally cannot attach or remove diving boards from the pool due to safety issues

We are not responsible for winter covers coming out of track or loose from a water bag.

We will not go on the roof to winterize a solar system, winterize solar blankets or remove solar blankets from their rollers.
